

GHS

Globally Harmonized System of Classification and Labeling of Chemicals

Standard Style Labels

The above illustration identifies the required fields of information for GHS labels. The labels are available in 3" x 2", and 6" x 4" sizes. Each printed label must include the appropriate pictogram's image, or images, based on contents.

Single Diamond Shaped Labels

The larger, 4" x 4", label is perfect for labeling boxes or barrels with the proper hazardous material pictograms.

GHS Support and Solutions

For a full and comprehensive look at GHS standards and requirements, please review the Guide at: www.osha.gov/dsg/hazcom/ghs.html

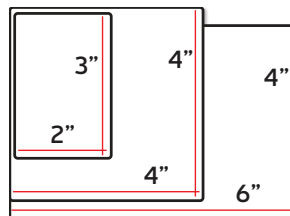

Searching for solutions? Cobra Systems, Inc. has multiple options for printing GHS labels: the VnM4 and VnM8 industrial printers. We stock pre-printed labels, from 1 to 4 diamonds, in all required sizes. We also have available the large, single diamond shape. Cobra Systems, Inc.—we make it faster, easier, and more cost-effective!

Hazard Classifications

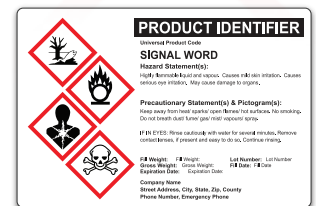

- Physical Hazards
- Health Hazards
- Environmental Hazards
- Classification of Mixtures

Our Pre-Printed GHS Labels are made from the highest quality label material offered in the industry
