Our highly durable White Magnetic Vinyl Tape is perfect for all applications requiring a magnetic sign or label. Whether for a temporary or permanent use, our magnetic vinyl will bond to any ferromagnetic surface including: metal rack systems, vehicles, large equipment, machinery, metal doors, etc.

Our White Magnetic Vinyl Tape contains no plasticizers and will not dry out or crack. It is designed to provide years of trouble-free use while withstanding continuous exposure to temperature fluctuations. Performs best when applied to clean, dry metal surfaces. Newly painted and uncured painted surfaces not recommended for application.

Why a VnM Printer?

- ✓ Fast
- ✓ Easy-To-Use
- ✓ Cost Effective
- ✓ No PC Needed
- ✓ Lifetime Warranty
